

Affiliated and Unaffiliated Reinsurance as of and for the year-to-date March 31, 2018

This document is for the sole purpose of providing information related to Athene Life Re Ltd. ("ALRe") and its subsidiaries for the benefit of certain rating agency analyses on the economic position of certain legal entities in the Athene Holding Ltd. consolidated group. The tables below are presented on a strictly notional basis, are not based on generally accepted accounting principles nor any other accounting principles which ALRe is subject to as a Bermuda reinsurance company, and are not intended for, nor should they be used for any regulatory, investment, or other unrelated purpose. This information should only be viewed and analyzed in conjunction with separate Athene USA Insurance subsidiary statutory financial information.

The tables below provide a proportional allocation of total ALRe and its subsidiaries statutory surplus by reinsurance counterparty illustrating a notional allocation of capital to reinsurance treaties based on different types of reinsurance.

Allocated Capital and Surplus on a Proportional Basis - Notional Allocation

The tables below include an allocation of statutory capital and surplus based on the following methodology:

- Any encumbered capital is applied to the entity to which the capital is encumbered;
- Any unencumbered capital is allocated on a pro-rata basis based on total reserves (notwithstanding that some encumbered capital may already be associated with some reserves).

Underlying Proportional Asset Composition of Allocated Capital and Surplus - Notional Allocation

The below table splits the allocated capital and surplus into NAIC invested asset categories based on the proportional mix of the actual and allocated assets for Athene Annuity & Life Company and Athene Annuity & Life Assurance Company. Note: the asset categorizations below are based on NAIC asset category definitions whereas the asset classifications on the ALRe statutory financial return are based on US GAAP asset category definitions. For example, certain investments are classified as fixed maturity securities under US GAAP compared to other invested assets (BA Assets) based on NAIC rules.
