Notes to Consolidated Financial Statements

2. Change in Accounting Policy and Revisions, pages F-12 and F-123

1. You disclose that subsequent to the original issuance of the consolidated financial statements, you adopted a change in accounting principle regarding the balance sheet presentation of assets and liabilities associated with reinsurance agreements written on a modified coinsurance (modco) basis. As a result you determined that gross presentation is preferable to net presentation and applied the change retrospectively on the consolidated balance sheets and consolidated statements of cash flows. Please tell us why you believe this is a change in accounting principle and not a correction of an error. Provide us an analysis, including the relevant accounting literature you relied upon, to determine that net, rather than gross presentation of these reinsurance agreements was an allowable alternative accounting principle you could use in the past.
