Preliminary Estimates for Alternative Net Investment Income

Apollo and the Company are reporting preliminary estimates for the Company’s alternative net investment income for the third quarter ended September 30, 2025. This information is being reported prior to the availability of Apollo’s quarterly earnings release and quarterly financial supplement for the third quarter, scheduled for release on November 4, 2025.

The Company estimates that alternative net investment income will be approximately \$325 million (pre-tax) for the third quarter ended September 30, 2025, which equates to an estimated 10% annualized return on alternative net investments. Within these alternative net investments, the Company estimates that the annualized return on its investment in a pooled investment vehicle, through which it holds the large majority of its alternative investments portfolio, equates to an estimated 10% for the third quarter ended September 30, 2025 and the annualized return on its investments in other alternative investments including the Company’s investments in retirement services platforms equates to an estimated 8% for the third quarter ended September 30, 2025. Excluded from these figures is alternative investment income attributable to non-controlling interests. Alternative net investment income is a component of Spread Related Earnings. Spread Related Earnings is a pre-tax, non-GAAP measure used to assess our financial performance. Refer to the Company’s Form 10-K for the period ended December 31, 2024, filed on February 24, 2025, and the Company’s Form 10-Q for the period ended June 30, 2025, filed on August 7, 2025, which may be accessed at ir.athene.com, for detailed definitions and reconciliations of the Company’s non-GAAP performance measures.

As a result, investors should exercise caution in relying on this information and should not draw any inferences from this information regarding financial or operating data not provided. These preliminary financial results should not be viewed as a substitute for full financial statements prepared in accordance with U.S. GAAP.
